Experience

Ascensus / UX Design Intern
July 2019 – August 2019, Dresher

- Utilized design thinking strategies to build a feedback component for gauging customer satisfaction within the app
- Presented to stakeholders the key findings, user testing data and analysis to create final mockup

GE Digital / Digital Technology Intern
May 2018 – August 2018, Miami

- Led design for an internal tool through user feedback, research, and creation of mockups
- Helped build out an MVP of the tool using AngularJS

Make School / iOS Instructor
June 2017 – August 2017, Tokyo & New York City

- Coordinated with two other instructors in managing class of 40+ Japanese students
- Led students through technical practices such as code readability, structure, and debugging tasks

Make School / iOS Instructor & Curriculum Developer
June 2016 – August 2016, San Francisco

- Taught students of all ages iOS programming skills, application design, and utilization of different frameworks
- Assisted students in planning product demos to industry experts
- Developed tutorials on Google Maps API for students to incorporate into their own applications

Projects

Egghunt / vimeo.com/351300326
June 2019 – Present

AR, location-based scavenger hunt app for cash prizes

- Iterated through MVPs while gathering user feedback
- Utilized XCode and Sketch to build rapid prototypes
- Showcased to Penn State to utilize with their first-year students

Education

Penn State University
May 2020, Main Campus

BS IST: Design & Development | 3.35 GPA

Make School
Summer 2014 & 2015

iOS Development Student

Skills

Design
Prototyping, Wireframing, UI Design, Sketching

Development
Swift, AngularJS, Python, HTML/CSS, JavaScript, Java, Firebase, Realm, SWIFTYJson

Tools
Xcode, Sketch, inVision Studio, Adobe XD, Atom, Terminal

Awards

Hackathons
AngelHack 2015 Silicon Valley Pebble API Award

Scholarships
David Rusenko Emerging Entrepreneur 2017
